

## Solutions

### Exercise I.

1. Carpenters construct, repair, and install building frameworks and structures.
2. Squares, levels, chisels, sanders, saws and welding machines.
3. Yes, they can. (Many employers require carpenters to supply their own tools.)
4. Yes, they do. (Those who work outdoors are subject to variable weather conditions, which can limit a carpenter's ability to work.)
5. The most common injuries: **strains from lifting heavy materials, falls from ladders, and cuts from sharp objects and tools.**
6. **Boots, hardhats, protective eyewear and reflective vests.**
7. Yes, they do. (Most carpenters work full time, which can include working evenings and **weekends.**)
8. High school courses in **mathematics** and **general vocational technical training** are considered useful.
9. They often begin doing simpler tasks under the guidance of experienced carpenters. For example, they start with **measuring** and **cutting wood, learn to do more complex tasks**, such as **reading blueprints** and **building wooden structures.**
10. \$48,330 .

### Exercise II.1.

1-F

2-K

3-J

4-D

5-B

6-E

7-G

8-C

9-I

10-A

11-H

## II.2.

- First encircle the building site.
- We are ready.
- Then erect the fencing posts.
- Where are they going to erect the building material containers?
- We are setting up the building material containers on the left edge of the site.
- Where should the deposition site be?
- It should be easy to access for the building machinery.
- Is there a toilet in the containers?
- Yes, there is.
- Is the consistency of the soil appropriate?
- Yes, it is. And I have got good news for you. We are going to finish the work at 2 o'clock.
- It sounds great.

### **Exercise IV.1.**

Dear Mr Thompson,

I **saw** your advertisement in the last issue of Time magazine last week. I am interested **in** working for your company.

My name is Henry Hamilton. I am 32 years old. I am a carpenter with 10 year- experience in carpentry work, tinsmith work and roofing work.

I believe I **am** suitable for this job because in my previous workplace I had to fasten the double ties and installing the haunched beams. I am good **at** cutting the sheet metal tin to size, bending the sheet metal according to size. I can spread the plastic roofing foil. My manager was **satisfied** with me. I am reliable, hard-working and determined. I **don't** smoke.

I am sure this job **gives** me the opportunity to be creative.

I do appreciate your time taken to review **my** motivational letter.

Enclosed you will find my CV. I look forward to **your** reply.

Yours sincerely,

*Henry Hamilton*

### **Exercise V.**

1. h, Wear safety equipment!
2. e, Do not touch!
3. d, safety boots
4. i, poison
5. g, Watch out! Danger!
6. b, reflective vest
7. a, protective eyewear
8. j, Do not trespass!
9. c, Slippery!
10. f, hard hat
